As a first Mayor of Bareilly, my belief is that education is the basis of all progress. And it is for this very reason that I forayed into education; over a decade and half of experience has taught us that progress is possible only; if men and women are equally well educated. The entire purpose of education is not to restrict itself to impart bookish knowledge only but to inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student.

**“When you are doing any work do it as  
Worship, as the highest worship, and devote  
your whole life to it for the time being”.**

As the Director of this esteemed institution, I take immense pride in leading a team of passionate educators and dedicated staff who are committed to providing the best possible educational experience to our students. Our mission is not merely to impart knowledge but to ignite a lifelong love for learning, foster creativity, and develop essential life skills that will empower our students to thrive in an ever-evolving world. Our approach to education is rooted in the understanding that academic excellence goes hand in hand with character development and values. We emphasize the importance of integrity, empathy, resilience, and compassion, molding our students into responsible global citizens who contribute positively to society. As we embrace the possibilities of technology and innovation, we also cherish the importance of traditional values and human connections. Our classrooms are not just spaces for learning but places where minds are ignited, dreams are nurtured, and lasting memories are formed.

At VWS, we believe in exposing the children to as much as possible. This is the last heaven for the children to be children. It is a peaceful ambiance where children can efficiently absorb knowledge and assimilate it to result in understanding. The student, teacher and parent community together work towards the goals of making our children courageous, creative and imaginative. They are bold risk takers and problem solvers. They are given enough scope for hands on activities to hone all these skills.

We are very pleased to welcome you to our school and hope your association with us will be positive and enjoyable. We are very proud of our school and look forward to working both with and for you. We are a school very much devoted to developing the abilities, talents and interests to each student under our care. Our staff are a dedicated, hardworking and enthusiastic group of people who greatly appreciate support and understanding of the task faced in educating children. We welcome and encourage a positive partnership between the school and home and strive to ensure that communication is effective and informative. We believe this is the 'Glue' that holds us together. When parents and teachers co-operate positively, children reap the benefits.

Our school will offer your child many new experiences and plenty of challenges, we hope children will participate with success and enjoyment in all we have to offer.

Our Board of Trustees and Members are an active, supportive group who work hard to ensure the school is governed well.

We hope you will involve yourself in the activities of the school and add your talents and abilities to assist us to meet the needs of children and make Vidya World School a better place to be.

As the Vice-Principal of this reputable institution I feel quite fortuitous to work with dedicated, zealous, solicitous and innovative faculty members, parents and students.

While most people would regard learning as a way to earn a livelihood and live lavishly, we at VWS, are of the considerate opinion that it is a metamorphosis and blooming of personality. As an individual, a young pupil is born with the inherent ability to learn and grow. However, the opportunities and milieu offered to them play a definitive role in the life lessons embodied and imbibed. At VWS, the focus always remains on holistic development and education.

At VWS, we strongly believe that every learner is a blessing and moving ahead, chiseling of their personality is the ultimate aim of education. For accomplishing this, we provide an environment for them where values are at the core along with the chance to grow and shine. Of course, academics and co-curricular activities go hand in hand to enable them to scale the summit of success.

## ABOUT VWS

*VIDYAA WORLD School is committed to excellence in education through professional methods of teaching in the city.*

*VIDYAA WORLD School was established on 08 April 2002 under the kind patronage of Shri Raj Kumar Agarwal (Chairman). “As he generally says, nothing can stop an idea whose time has come”.*

*With a heritage of 22 years, the school offers education of global dimensions from pre-primary to Intermediate, grooming over 1000 students every year to become leaders in various fields.*

*The site of the school has been judiciously selected keeping in view the present need of pollution free atmosphere. Located in lush-green 6 acres of area on the river side of Bareilly at Vaibhav Nagar, Pilibhit by-pass. The school is situated in the heart of New Bareilly.*

*The two main objectives of the institution are quality education and character building. The motto of the school is to “WISDOM THROUGH KNOWLEDGE” which means an investment in knowledge pays the best interest and education is not the learning of facts, but the training of mind to think.*

*VIDYAA WORLD is the leading English medium school in this part as it is equipped with every facility under one name and roof. Each member of the school is committed to transform the young ones into a potential source of knowledge, energy and strength. A dedicated team of teachers, administrative staff, aware and cooperative parents and a management imbued with great vision form a unified team making endeavours to achieve the above. Our students enjoy modern learning facilities and our classrooms are well equipped with modern teaching gadgets.*

# OUR CURRICULUM

## Creating Self Learners...

**VIDYAA WORLD** is crafted diligently to harbor a holistic culture to enable our learners to emerge as confident global citizens.

## Our Aim

We aim to nurture happy and confident children by providing child centric learning in a child friendly safe campus.

Enable, encourage and endow each child to initiate a life-long pursuit of learning discovery, innovation, exploration and expression.

## Our Curriculum Focuses on Multiple Areas of Development

- ❖ Holistic growth and development of the body, mind and soul through a progressive curriculum, innovative instructional practices and multiple learning styles.
- ❖ Activities designed to support experiential learning.
- ❖ Endow students with plurality of voices while enhancing skills of active listening and effective speaking.
- ❖ STEM program to facilitate the learners to create, iterate and reflect.
